

- a) Chief Nettles explained of the recent telephone scams that are going around.
- b) Residents are to be cautious when driving on Valley Road, they are ATV's (side by sides) driving into oncoming traffic forcing drivers off the road.
- c) Chief Nettles wants the police cars to remain in the garage in the heat, he explained how the cold weather effects the electronics in the car and it slows his response time down significantly due to those issues.
- d) Chief Nettles also explains the hazards that come with parking the car down in the salt shed, there is no walkway to get down to there and when it snows the police have to walk through the snow and down the bank to get to the garage. Chief also stets that two officers were injured when they fell down the bank while going to the salt shed for the Police car.
